

Kids & Community Food Collaborative

Westside Caring Business Partnership Program

About the K&CFC Business Partnership Program : K&CFC was formed this summer (2018) when westside representatives from the Delhi Business Association, Riverview Delhi Kiwanis, and the Anderson Ferry Food Pantry became aware that children at the Delshire Elementary School were going hungry over the weekend, holidays and summers. Through our [Westside Caring Business Partnership Program](#) our goal is to involve our local businesses to create a greater awareness and minimize the burden faced by our schools, teachers and administrators. These children live in our neighborhoods and go to our schools, they can no longer be ignored.

"To those much is given, much is expected"

The Delshire Initiative: Working with Delshire Elementary teachers, their administration and the Freestore Foodbank, along with this sponsorship we can help children receive the proper nutrition they need to succeed in life. \$250 provides one student with Power Packs for an entire calendar year. What's in a Power Pack: whole grain cereals, fruit & vegetables juices, sunflower seeds, oatmeal bars, complete pasta meals and other healthy options.

Please accept my donation of \$250 to cover the cost of one or _____ child's/children annual nutritional needs

Mail your donation to: **K&CFC, P.O. Box 389175 Cincinnati, OH 45238**
Payments can also be made through our PayPal Acct: **PayPal.me/KCFC**

Visit us on Facebook: **@KidsCFC**

Our Mission is to work together with existing school and community based food programs by allocating resources that provide healthier, sustainable food alternatives for children in our schools and our communities. We hope to enhance the physical, mental, emotional and spiritual health of each child, improve their lives, and the future prosperity of our communities and schools.

We're happy to share our partnerships with Caring Westside Businesses, we thank you for all your support and the great things you do for our community.
